THE PURPOSE OF THIS SUPPORT GROUP IS TO:

- Provide patients who have cancer and their family caregivers / members a secure and caring place to share about their challenges and to discuss sensitive topics
- Discuss practical information that's important to both the patients and their caregivers relate to medical care and caregiving support
- Provide the opportunity to gain some control and assists in reducing a sense of hopelessness in navigating the medical and emotional aspects of treatment and recovery
- Provide related resources to address concerns / needs that are brought up during meetings by both patients and family caregivers

This support group is intended only for patients who have cancer and their family caregivers.

The group will meet as a large group for the first 30 minutes. Then, the group will be split into 2 small groups: one group for family caregivers and the other group for the patients who have cancer. There will be a group facilitator to lead each small group.

PLEASE CONTACT US BY PHONE OR EMAIL IF YOU'RE INTERESTED IN CONNECTING.
